

We are all children from Ashleigh Primary School

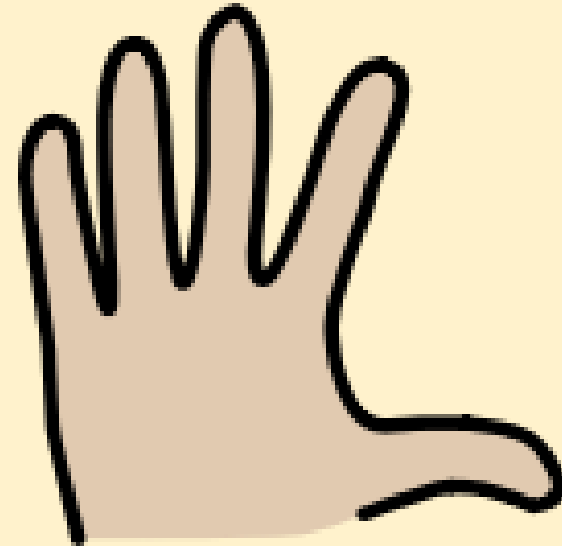

Everyone at Ashleigh Primary School will be moving to a new class after the summer holidays.

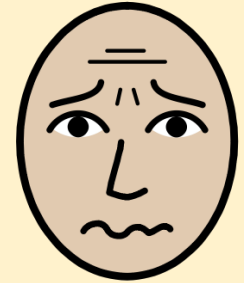

On Wednesday I will have a trial morning in my new class. I will be back in my usual class after lunchtime.

Some of the adults will be different to the adults I have at the moment, but I know that all of the adults at Ashleigh listen to me and keep me safe.

Sometimes going into a different part of the school makes me feel a little bit nervous.

I feel better when I remember that Ashleigh is full of adults who listen to me and keep me safe.

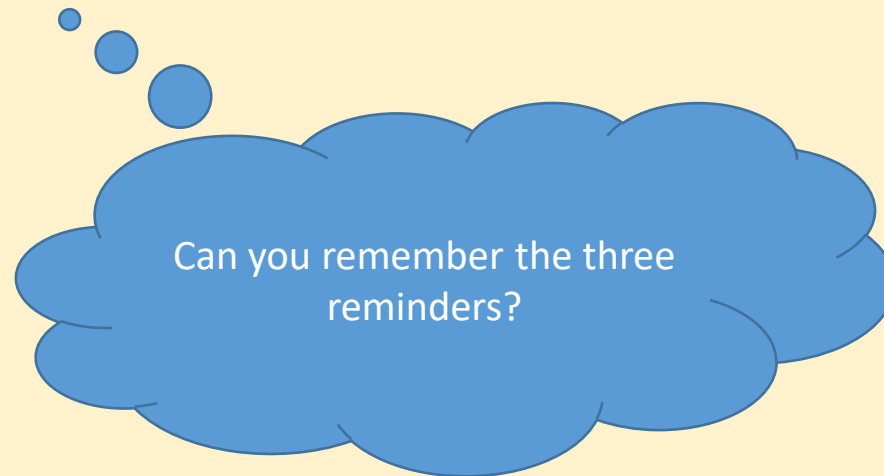

The adults will help me to learn how my new class works.

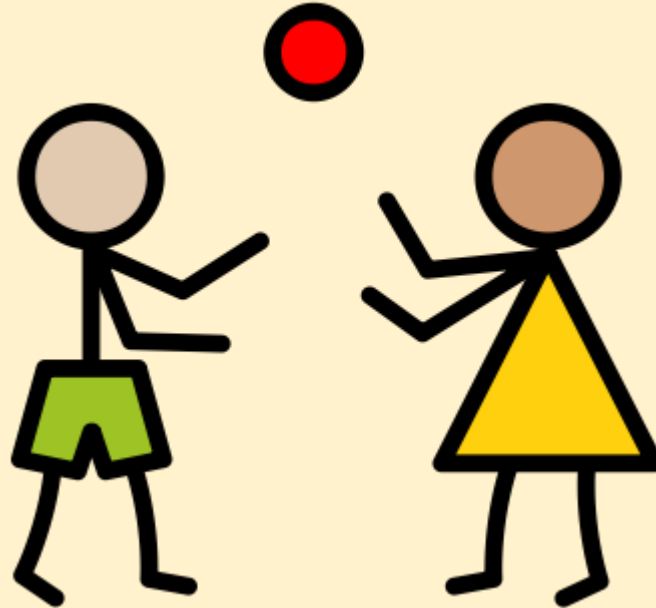

I may feel a bit worried that there are different children in my new class.

I feel better when I remember that all children at Ashleigh follow the same three reminders.

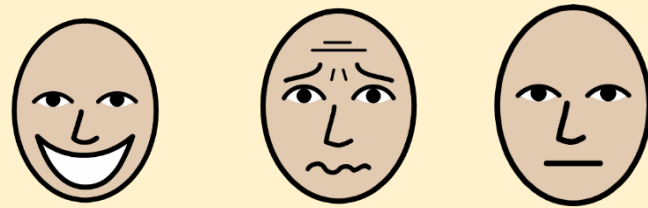

I will see all the children in my year group at break and lunchtimes.

My old friends and new friends can all play together and I can tell them all about my brilliant new class.

Changes can be exciting, worrying and fun all at the same time and this is OK.

I have had changes happen before and it was OK.

I am ready for a new challenge and I have all of the Ashleigh team here to help me.
